HOW CAN WE HELP?

HCAP® has been helping low-income individuals with health-related legal issues since 1999. HCAP has an experienced staff of attorneys and paralegals with interpreters and translation services available.

HCAP provides appropriate legal intervention with providers and program officials to resolve issues of coverage and access to medical care.

HCAP provides direct advice to clients about their eligibility and legal rights in such programs as Medicaid, NJ FamilyCare, and Medicare.

HCAP provides necessary direct representation in legal matters of appeal such as Fair Hearings and Grievances.

HCAP also utilizes the services of social workers at Legal Services of New Jersey to provide appropriate assistance for clients.
